Soft Skills: Quality Control & Team Building.

TOTAL EXPERIENCE 7.5+ YEARS

● eBrandz LLP, Mumbai

Senior Web Developer | Jun 2019 - Present

Coding & Optimization: I write clean, efficient code in HTML, CSS, Sass, Bootstrap, JavaScript, jQuery, and WordPress CMS. I am also proficient in debugging and troubleshooting website issues to ensure optimal performance.

Collaboration & Communication: I collaborate closely with web designers to translate design mockups into functional code and communicate effectively with clients to gather requirements and deliver solutions.

Leadership & Growth: My experience includes potentially mentoring or leading a team of junior developers, creating and maintaining project schedules and timelines, and continuously learning new technologies and frameworks to adapt to the evolving web development landscape.

● Brandz On Web, Nashik

Web Designer & Developer | Mar 2019 - Jun 2019

My core tasks involve UI/UX design, from user research and wireframing to designing layouts and selecting visual elements, ensuring seamless usability across all devices. I bring these designs to life by coding websites with HTML, CSS, and JavaScript, and developing their functionalities. I utilize a range of tools, including code editors, web development frameworks, and Content Management Systems like WordPress.

● Treemiti Informatics, Nashik

Assistant Faculty & Web Designer | Nov 2017 - March 2019

Responsibilities:

I teach courses in web design, web development, and graphic design, while also creating user interfaces (UI) and experiences (UX) for websites and applications.

DECLARATION

I certify that the information provided herein is accurate and complete to the best of my ability.
