PROFILE SUMMARY

I am a skilled and motivated UI Full Stack Web Developer with extensive experience in developing, maintaining, and deploying responsive web applications, eCommerce platforms, and WordPress sites. My expertise spans front-end and back-end technologies, with a strong focus on creating intuitive, visually engaging interfaces and robust, scalable back-end systems. I am also experienced in deploying and managing sites on hosting platforms like GoDaddy and Hostinger, making me well-versed in end-to-end web development.
