YOGI

ASSOCIATE CREATIVE DIRECTOR

ABOUT ME

I began my journey in advertising from the grassroots as a studio artist where I mastered the fundamentals of design and production. With a drive to grow, I moved into the creative side to explore storytelling, build ideas, and solve brand challenges.

Over the years, I've worked across categories like entertainment, BFSI, manufacturing, agriculture, metals, jewellery, hospitality, retail, grocery, and telecom. Steadily growing through these experiences, I have evolved into the role of Associate Creative Director.

Grounded in craft and driven by ideas, I believe in staying hands-on, curious, and collaborative always aiming to create work that connects and delivers.
